TAKE YOUR IN-ROOM AUCTIONS TO A WHOLE NEW LEVEL WITH AUCTIONS LIVE

AUCTIONS LIVE In-Room Digital Auction Solution offers Real Estate Agencies the technology to host premium in-room auction events, whilst amplifying the excitement and buzz within auction rooms.

With auctions playing such an important role in transacting real estate, AUCTIONS LIVE aims to further enhance this role by positively influencing results for selling agents and their clients.

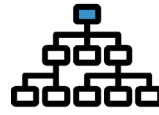

AUCTIONS LIVE provides the tools and software to easily create, display, capture and live stream auctions, at the same time igniting bidders and providing vendors with a competitive edge.

KEY SYSTEM BENEFITS

Increased Exposure

Live stream your auctions to a global audience, including potential buyers and vendors; maximising your exposure and results.

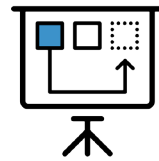

Streamlined Process

Reduce time spent administering compliance requirements, pre and post auction with our simple and easy to use solution.

Live Bids Capturing

Simulcast bids and auctioneer call signs live to your Property Bid Screen, Order of Sale Screen and your companies website.

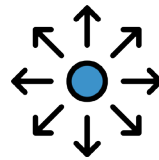

Advanced In-Room Solution

Captivate your audiences attention with Pre-Auction Ads, Property Previews, Order of Sale Screen, Live Bid Screen and so much more.

Vendor Management Tools

Manage your vendors expectations prior to an auction, through bidder pre-registration insight and past Auction Summary Reports.

Commercial & Residential

Can be utilised by Real Estate Agencies, Auction Houses and Independent Auctioneers, for both Commercial and Residential Auctions.
