TAKE YOUR *IN-ROOM AUCTIONS* TO A WHOLE NEW LEVEL

AUCTIONS LIVE In-Room Digital Auction Solution, offers Real Estate Agencies, Auction Houses and Independent Auctioneers the technology they need to assist them in hosting premium in-room auction events, while amplifying the excitement and buzz within auction rooms.

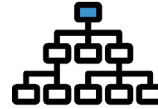

AUCTIONS LIVE provides the tools and software to easily create, display, capture and live-stream auctions directly to your company's website, while at the same time igniting bidders and providing vendors with a competitive advantage.

KEY SYSTEM BENEFITS

Increased Exposure

Live stream your auctions to a global audience, including potential buyers and vendors; maximising your exposure and results.

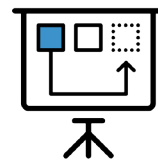

Streamlined Process

Reduce time spent administering compliance requirements, pre and post auction with our simple and easy to use solution.

Live Bids Capturing

Simulcast bids and auctioneer call signs live to your Property Bid Screen, Order of Sale Screen and your company's website.

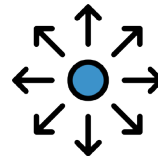

Advanced In-Room Solution

Captivate your audiences attention with Pre-Auction Ads, Property Previews, Order of Sale Screen, Live Bid Screen and so much more.

Vendor Management Tools

Manage your vendors expectations prior to an auction, through bidder pre-registration insight and past Auction Summary Reports.

Commercial & Residential

Can be utilised by Real Estate Agencies, Auction Houses and Independent Auctioneers, for both Commercial and Residential Auctions.
