& NEW ZEALAND

TAKE YOUR **ONSITE AUCTIONS** TO A WHOLE NEW LEVEL

AUCTIONS LIVE, Onsite Digital Auction Solution, offers Real Estate Agencies, Auction Houses and Independent Auctioneers the technology they need to stream live auctions directly to their company's website, while providing in-depth data analysis, statistics and reporting tools.

With auctions playing such an important role in real estate transactions, **AUCTIONS LIVE** enhances this role by positively influencing results for selling agents and their clients.

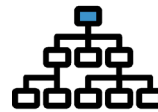

AUCTIONS LIVE software easily creates, displays, captures and live streams auctions, at the same time - encouraging bidders and providing vendors with a competitive advantage.

KEY SYSTEM BENEFITS

Increased Exposure

Live stream your auctions to a global audience, including potential buyers and vendors; maximising your exposure and results.

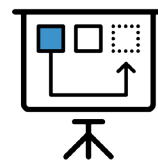

Streamlined Process

Reduce time spent administering compliance requirements, pre and post auction with our simple and easy to use solution.

Live Bid Capturing

Simulcast bids and auctioneer call signs live to your company's website, as well as registered bidders smartphones and tablets.

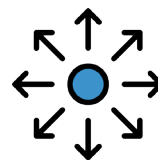

Onsite Solution

Captivate your online audiences attention on your website with pre-auction videos, live updates, results and video footage.

Vendor Management Tools

Manage your vendors expectations prior to an auction, through bidder pre-registration insight and past Auction Summary Reports.

Commercial & Residential

Can be utilised by Real Estate Agencies, Auction Houses and Independent Auctioneers, for both Commercial and Residential Auctions.
